Meeting Name	Clifford Beers - CT InCK	Meeting Date	Monday September 13, 2021
Meeting Purpose	Alternative Payment Model Internal Planning Design Group	Meeting Time	10:30-12
		Meeting Recording	

Invited Attendees					
	Name	Role		Name	Role
	William Halsey	DSS	x	Janet Alfano	ED Diaper Bank of Connecticut
	Joel Norwood	DSS	x	Jennifer Gagnon	Data Analyst, Beacon Health Options
x	Erica Garcia-Young	DSS, Project Coordinator, BHI Projects	x	Karen Siegel	Director of Policy, Health Equity Solutions
x	Melanie Rossaci	Chief Strategy Officer, Clifford Beers	x	Leslie Sude	Assoc Prof of Pediatrics, Yale School of Medicine
x	Jennifer Richmond	VP of Population Health, InCK Project Director, Clifford Beers	x	Jeff Vanderploeg	President and CEO, Child Health Development Institute
x	Sarah Miller	Manager for Strategy and Planning, Clifford Beers	x	Smruti Vartak	Health Research Scientist, Beacon Health Options
x	Alice Corrigan	Community Health Organizer, Clifford Beers		Sharon Wood	Population Health, Community Medical Group
x	Hope Glassberg	Consultant, Clifford Beers	x	Rod Winstead	

MEETING AGENDA:

1. Recap
2. Feedback on existing programs to inform design

3. Quality metrics review
4. Payment mechanics input
5. Next Steps

MEETING MINUTES

- Recap (10 mins)
 - Type of APM: per-member, per-month; based on stratification levels; dependent on quality outcomes
 - Align value-based payment initiatives
 - Practical light-touch documentation
 - Community training and support for easy access
- Feedback on existing programs to inform design (15 mins)
 - PCMH+, TCM, Health Home
 - Karen: None of programs incentivize quality, reward cost-savings; none center equity with understanding of under-diagnosis in people of color
 - Jeff: Worth understanding more about grant-funded CC
 - Jeff: <https://www.chdi.org/index.php/publications/reports/impact-reports/care-coordination-impact> reviews several care coordination programs in the state including some recs for enhancing CC in CT
 - Erica: DSS does not pay directly for CC, this will get us closer. Following NCQA standards that we incorporate into primary care.
- Quality metrics review (45 mins)
 - Move from pay-for-reporting and pay-for-process to pay-for-outcomes. Evolve the % of portion held for outcomes.
 - Smruti: importance of screening
 - Erica: expanding depression screening and follow-up measure, innovation could be to apply it broadly in the population
 - Jeff: what kind of measure options should we be looking at for early phase of implementation? Need process metrics well-aligned with process outcomes to build out phase 1 of APM.
 - Hope: identify measure categories
 - Karen: measure could be completeness of race, ethnicity, and language data - per Smruti up to 60-75% missing
 - Smruti: 7-day follow up and 30-day follow up, should also think about looking at measures used by other programs
 - Hope: in behavioral health, explore taking existing DSS measure; how interventions happen post-hospitalization and post-ED
 - Sude: clarification on who are providers and what is the innovation. ED hours is driving force in its utilization - are we going to be making services more accessible?
 - Hope: care coordination model that works for different kinds of organizations, makes it very challenging; need multiple flavors of ice cream
 - Melanie: currently all grant-funded; new and innovative is including those types of practices
 - Jeff: need service delivery to come together more clearly

- Sude: mistake to think that more screening means more equity; patients feel intensely studied and intensely screened; feels invasive and humiliating. Alternative is
 - Karen: big difference between people who have limited interaction with health system vs. people who regularly visit FQHCs
 - Hope: how do you measure collaboration and how it benefits children and their families
 - Melanie: state agency data sharing will help to shape questions
 - Jenn: looking for ways to minimize duplication and streamline, but it's a huge undertaking
- Next Steps (10 mins)
 - Homework. CB to create shared document with ideas, compile shared resources.
 - Zoom out to discuss intervention in general at next meeting
 - Second Monday of the month @ 10am as meeting time for next 3 months

New Action Item(s):	Person Responsible	Date Due
1. Create shared document with ideas and resources	Clifford Beers	
2. Review shared document and add notes	All	
3. Provide overview of InCK intervention at next meeting	Clifford Beers	
4.		
5.
